## Independent Auditor's Report

The Board of Directors  
Eureka Community Health Services  
Eureka, South Dakota

### Report on the Financial Statements

#### *Opinion*

We have audited the financial statements of Eureka Community Health Services (the Organization), which comprise the balance sheets as of June 30, 2023 and 2022, and the related statements of operations, changes in net assets, and cash flows for the years then ended, and the related notes to the financial statements.

In our opinion, the accompanying financial statements referred to above present fairly, in all material respects, the financial position of Eureka Community Health Services as of June 30, 2023 and 2022, and the results of its operations and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

#### *Basis for Opinion*

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States (*Government Auditing Standards*). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Eureka Community Health Services and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

#### *Change in Accounting Principle*

As discussed in Note 1 to the financial statements, Eureka Community Health Services has adopted the provisions of FASB accounting Standards Codification Topic 842, *Leases*, as of July 1, 2022, using the modified retrospective approach with an adjustment at the beginning of the adoption period. Our conclusion is not modified with respect to this matter.

### ***Responsibilities of Management for the Financial Statements***

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; and for the design, implementation, and maintenance of internal controls relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Organization's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

### ***Auditor's Responsibilities for the Audit of the Financial Statements***

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism through the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Organization's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Organization's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

### **Other Reporting Required by *Government Auditing Standards***

In accordance with *Government Auditing Standards*, we have also issued our report dated December 11, 2023 on our consideration of Eureka Community Health Services' internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of Eureka Community Health Services' internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Eureka Community Health Services' internal control over financial reporting and compliance.

### **Supplementary Information**

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The schedules of patient and resident service revenue, other revenue, and expenses are presented for the purposes of additional analysis and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole. The operational, financial, and statistical highlights, which are the responsibility of management, have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

**Note 1 - Organization and Significant Accounting Policies****Organization**

Eureka Community Health Services (the Organization) operates a 4-bed acute care hospital, a 10-unit assisted living facility, and a clinic located in Eureka, South Dakota. The Organization is organized as a South Dakota nonprofit corporation and has been recognized by the Internal Revenue Service as exempt from federal income taxes under Internal Revenue Code Section 501(c)(3). The Organization's legal name is Eureka Community Benevolent Hospital Association; however, the Organization conducts business as Eureka Community Health Services.

**Use of Estimates**

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements. Estimates also affect the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

**Cash and Cash Equivalents**

Cash and cash equivalents include highly liquid investments with an original maturity of three months or less, excluding assets limited as to use.

**Patient and Resident Receivables**

Patient and resident receivables are uncollateralized patient, resident and third-party payor obligations. Unpaid patient and resident receivables, excluding amounts due from third-party payors, with invoice dates over 90 days old, have interest assessed at 1.5 percent per month. Due to the uncertainty of collecting private pay accounts, these interest charges are recognized as income when received. Payments of patient and resident receivables are allocated to the specific claims identified on the remittance advice or, if unspecified, are applied to the earliest unpaid claim.

Patient and resident accounts receivable are stated net of any contractual and implicit price concessions and then further reduced by an allowance for doubtful accounts. In evaluating the collectability of accounts receivable, the Organization analyzes accounts for adverse changes in a patient's and resident's or third-party payor's ability to pay that may have occurred subsequent to recognition. Management regularly reviews specific data about receivable balances and its past history with similar cases to estimate contractual and implicit price concessions, and any allowances for uncollectible accounts.

The Organization's process for calculating the allowance for doubtful accounts for self-pay patients has not significantly changed from June 30, 2022 to June 30, 2023. The Organization does not maintain a material allowance for doubtful accounts from third-party payors, nor did it have significant write offs from third-party payors. The Organization has not significantly changed its charity care or uninsured discount policies during fiscal years 2023 or 2022.

The Organization's July 1, 2021 patient and resident receivables, estimated third-party payor settlements, and other receivables were contract assets of \$408,326, \$10,000 and \$76,523, respectively.

### **Supplies**

Supplies are valued at lower of cost (first in, first out) or net realizable value.

### **Assets Limited as to Use**

Assets limited as to use include assets set aside by the Board of Directors for future capital improvements and debt redemption, over which the Board retains control and may at its discretion subsequently use for other purposes; and assets held by the Organization under indenture agreements. Assets limited as to use that are available for obligations classified as current liabilities are reported in current assets.

### **Investments and Net Investment Return**

Investments with readily determinable market values are stated at fair value. The fair value of all debt and equity securities with readily determinable fair values are based on quotations obtained from national and foreign securities exchanges. Net investment return (including interest income, dividends, net changes in unrealized gains and losses, and net realized gains and losses) is included in the performance indicator unless the income or loss is restricted by donor or law.

The Organization, through its affiliation with Avera Health, participates in the Avera Pooled Investment Fund, a fund administered by Avera Health. The Pooled Investment Fund has a portion of its holdings in alternative investments, which are not readily marketable. These alternative investments include partnerships and other interests that invest in hedge funds, real asset funds, and private equity/venture capital funds, among others. Many of these alternative investments have fair values that are determined using the net asset value (NAV) provided by the investment manager. NAV is a practical expedient to determine the fair value of investments that do not have readily determinable fair values and prepare their financial statements consistent with the measurement principles of an investment company or have the attributes of an investment company. Investment income, including interest, dividends, realized gains and losses, and unrealized gains and losses are allocated to participants of the Avera Pooled Investment Fund based upon their pro rata share of the investments.

### **Property and Equipment**

Property and equipment acquisitions in excess of \$5,000 are capitalized and recorded at cost. Depreciation is provided over the estimated useful life of each depreciable asset and is computed using the straight-line method. The estimated useful lives of property and equipment are as follows:

Land improvements	10 years
Buildings	5 - 40 years
Equipment	3 - 15 years

Gifts of long-lived assets such as land, buildings, or equipment are reported as additions to net assets without donor restrictions, and are excluded from the performance indicator, unless explicit donor stipulations specify how the donated assets must be used. Gifts of long-lived assets with explicit restrictions that specify how the assets are to be used and gifts of cash or other assets that must be used to acquire long-lived assets are reported as net assets with donor restrictions. Absent explicit donor stipulations about how long those long-lived assets must be maintained, expirations of donor restrictions are reported when the donated or acquired long-lived assets are placed in service.

The Organization considers whether indicators of impairment are present and performs the necessary analysis to determine if the carrying values of assets are appropriate. No impairment was identified for the years ending June 30, 2023 and 2022.

### **Deferred Revenue**

The Organization recognizes deferred revenue when money is received in advance of qualifying expenditures. Money received is considered an exchange transaction. Revenue is recognized and included in income at the time qualifying expenditures are made by the Organization.

### **Right-of-Use Leased Assets and Lease Liabilities**

Right-of-use leased assets are recognized at the lease commencement date and represent the Organization's right to use an underlying asset for the lease term. Right-of-use leased assets are measured at the initial value of the lease liability plus any payments made to the lessor at or before the commencement of the lease term, plus any initial direct costs necessary to place the leased asset into service. Right-of-use leased assets are amortized over the shorter of the lease term or useful life of the underlying asset recognizing a single lease cost over the term on a straight-line basis for operating leases. The amortization period is five years.

Lease liabilities represent the Organization's obligation to make lease payments arising from the lease. Lease liabilities are recognized at the lease commencement date based on the present value of future lease payments expected to be made during the lease term. The present value of lease payments is discounted based on the rate implicit in the lease or an incremental borrowing rate determined by the Organization.

### **Net Assets with Donor Restrictions**

Net assets, revenues, gains, and losses are classified based on the existence or absence of donor-imposed restrictions. Some donor-imposed restrictions are temporary in nature, such as those that will be met by the passage of time or other events specified by the donor. Other donor-imposed restrictions are perpetual in nature, where the donor stipulates that resources be maintained in perpetuity. Donor-imposed restrictions are released when a restriction expires, that is, when the stipulated time has elapsed, when the stipulated purpose for which the resource was restricted has been fulfilled, or both.

### **Interest in Net Assets of Avera Health Foundation**

Avera Health Foundation solicits contributions and holds funds on behalf of the Organization. Changes in the funds held by the Foundation are recorded as changes in interest in net assets of Avera Health Foundation in the accompanying financial statements.

**Performance Indicator**

Revenues less than expenses excludes transfers of assets to and from related parties for other than goods and services, and contributions of long-lived assets, including assets acquired using contributions which were restricted by donors.

**Patient and Resident Service Revenue**

Patient and resident service revenue is reported at the amount that reflects the consideration to which the Organization expects to be entitled in exchange for providing patient and resident care. These amounts are due from patients or residents, third-party payors including health insurers and government programs, and others and includes variable consideration for retroactive revenue adjustments due to settlement of audits, reviews and investigations. Generally, the Organization bills the patients or residents and third-party payors several days after the services are performed and/or the patient or resident is discharged from the facilities. Revenue is recognized as performance obligations are satisfied.

Performance obligations are determined based on the nature of the services provided by the Organization. Revenue for performance obligations satisfied over time is recognized based on actual charges incurred in relation to total expected (or actual) charges. The Organization believes that this method provides a faithful depiction of the transfer of services over the term of the performance obligation based on the inputs needed to satisfy the obligation. Generally, performance obligations satisfied over time relate to patients in the hospital receiving inpatient acute, outpatient, or professional services, or residents in assisted living. The Organization measures the performance obligation (associated with inpatient acute services and assisted living services) from admission to the point when it is no longer required to provide services to that patient, which is generally at the time of discharge. Revenue for performance obligations satisfied at a point in time is recognized when goods or services are provided, and the Organization does not believe it is required to provide additional goods or services to the patient.

The Organization determines the transaction price based on standard charges for goods and services provided, reduced by contractual price concessions provided to third-party payors, discounts provided to uninsured patients in accordance with the Organization's policy, and/or implicit price concessions provided to uninsured patients. The Organization determines its estimates of contractual price concessions and discounts based on contractual agreements, its discount policies and historical experience. The Organization determines its estimate of implicit price concessions based on its historical collection experience with this class of patients and residents.

Consistent with the Organization's mission, care is provided to patients regardless of their ability to pay. Therefore, the Organization has determined it has provided implicit price concessions to uninsured patients and patients with other uninsured balances (for example, copays and deductibles). The implicit price concessions included in estimating the transaction price represent the difference between amounts billed to patients and residents and the amounts the Organization expects to collect based on its collection history with those patients and residents.

**Income Taxes**

The Organization is a South Dakota nonprofit corporation and has been recognized by the Internal Revenue Service (IRS) as exempt from federal income taxes under Internal Revenue Code Section 501(c)(3). The Organization is annually required to file a Return of Organization Exempt from Income Tax (Form 990) with the IRS. In addition, the Organization is subject to income tax on net income that is derived from business activities that are unrelated to its exempt purpose. The Organization currently has no income that it has determined to be subject to unrelated business income tax. The Organization believes that it has appropriate support for any tax positions taken affecting its annual filing requirements, and as such, does not have any uncertain tax positions that are material to the financial statements. The Organization would recognize future accrued interest and penalties related to unrecognized tax benefits and liabilities in income tax expense if such interest and penalties are incurred.

**Donor-Restricted Gifts**

The Organization reports contributions restricted by donors as increases in net assets without donor restrictions if the restrictions expire (that is, when a stipulated time restriction ends, or purpose restriction is accomplished) in the reporting period in which the revenue is recognized. All other donor-restricted contributions are reported as increases in net assets with donor restrictions. When a restriction expires, net assets with donor restrictions are reclassified to net assets without donor restrictions and reported in the statement of changes in net assets as net assets released from restrictions.

Contributions are recognized when cash, securities or other assets, an unconditional promise to give, or notification of a beneficial interest is received. Conditional promises to give are not recognized until the conditions on which they depend have been substantially met.

**Advertising**

The Organization expenses advertising costs as incurred.

**Functional Allocation of Expenses**

The financial statements report categories that are attributed to program service activities or supporting activities. Accordingly, certain costs have been allocated among the programs and supporting services benefited. The functional expenses report certain categories of expenses that are attributed to more than one program or supporting function. Therefore, expenses require allocation on a reasonable basis that is consistently applied. Costs not directly attributable to a function, such as depreciation and amortization, interest, and other occupancy costs are allocated to a function based on a square-footage or units-of-service basis while the remainder of expenses are allocated on the basis of estimates of time and effort. Note 13 presents the natural classification detail of expenses by function.

**Adoption of Accounting Standards Codification Topic 842**

Effective July 1, 2022, the Organization adopted the new lease accounting guidance in Accounting Standards Update No. 2016-02, *Leases* (Topic 842). The Organization elected to apply the guidance as of July 1, 2022, the beginning of the adoption period. The comparative financial information and disclosures presented are in accordance with the legacy standard, ASC 840. The standard requires the recognition of right-of-use assets and lease liabilities for lease contracts with terms greater than 12 months. Operating lease costs are recognized in the statement of operations as a single lease cost and finance lease costs are recognized in two components, interest expense and amortization expense. The Organization has elected the package of practical expedients permitted in ASC Topic 842. Accordingly, the Organization accounted for its existing leases as either finance or operating leases under the new guidance, without reassessing (a) whether the contract contains a lease under ASC Topic 842, (b) whether classification of the operating lease would be different in accordance with ASC Topic 842, or (c) whether the unamortized initial direct costs before transition adjustments would have met the definition of initial direct costs in ASC Topic 842 at lease commencement.

The adoption of the new standard did not materially impact the Organization's balance sheets, statements of operations, or statements of cash flows. See Note 6 for further disclosure of the Organization's lease contracts.

**Subsequent Events**

The Organization has evaluated subsequent events through December 11, 2023, the date which the financial statements were available to be issued.

**Note 2 - Patient and Resident Service Revenue**

The Organization has agreements with third-party payers that provide for payments to the Organization at amounts different from its established rates. A summary of the payment arrangements with major third-party payors is as follows:

**Medicare:** The Organization is licensed as a Critical Access Hospital (CAH). The Organization is reimbursed for most inpatient and outpatient services under a cost-based reimbursement methodology with final settlement determined after submission of annual cost reports by the Organization and are subject to audits thereof by the Medicare Administrative Contractor (MAC). Certain services are subject to cost limits or fee schedules. The Organization's Medicare cost reports have been audited by the MAC through the year ended June 30, 2021.

**Medicaid:** Inpatient services rendered to Medicaid program beneficiaries are paid at prospectively determined rates per discharge. These rates vary according to a patient classification system that is based on clinical, diagnostic, and other factors. Clinical, outpatient, and assisted living services rendered to Medicaid program beneficiaries are reimbursed at specific prospectively determined rates. There are no retroactive settlements related to the Medicaid program.

**Blue Cross:** Services rendered to Blue Cross subscribers are reimbursed under a prospectively determined percentage of charges methodology.

**Other:** The Organization has also entered into payment agreements with certain commercial insurance carriers and other organizations. The basis for payment to the Organization under these agreements includes discounts from established charges.

The composition of patient and resident service revenue by payor for the years ended June 30, 2023 and 2022 is as follows:

	<u>2023</u>	<u>2022</u>
Patient and resident service revenue		
Medicare	\$ 2,893,506	\$ 2,652,752
Medicaid	105,719	91,484
Blue Cross	391,983	537,038
Other	<u>967,116</u>	<u>960,071</u>
	<u>\$ 4,358,324</u>	<u>\$ 4,241,345</u>

Laws and regulations governing the Medicare, Medicaid, and other programs are extremely complex and subject to interpretation. As a result, there is at least a reasonable possibility that recorded estimates will change by a material amount in the near term. The patient and resident service revenue for the years ended June 30, 2023 and 2022 increased by approximately \$9,000 and \$23,000, respectively, due to removal of allowances previously estimated that are no longer necessary as a result of final settlements and years that are no longer likely subject to audits, reviews, and investigations.

Generally, patients who are covered by third-party payors are responsible for related deductibles and coinsurance, which vary in amount. The Organization also provides services to uninsured patients, and offers those uninsured patients a discount, either by policy or law, from standard charges. The Organization estimates the transaction price for patients with deductibles and coinsurance and from those who are uninsured based on historical experience and current market conditions. The initial estimate of the transaction price is determined by reducing the standard charge by any contractual price concessions, discounts and implicit price concessions based on historical collection experience. Subsequent changes to the estimate of the transaction price are generally recorded as adjustments to patient service revenue in the period of the change. The ability to estimate the collectability of uninsured and other self-pay patients or residents is contingent on the patient's ability or willingness to pay for the services provided. Subsequent changes that are determined to be the result of an adverse change in the patient's ability to pay are recorded as bad debt expense. Bad debt expense for the years ended June 30, 2023 and 2022 were not significant.

The nature, amount, timing and uncertainty of revenue and cash flows are affected by several factors that the Organization considers in its recognition of revenue. Following are some of the factors considered:

- Payors (for example, Medicare, Medicaid, managed care or other insurance and patient) have different reimbursement/payment methodologies
- Length of the patient's service/episode of care
- Organization's line of businesses that provided the service (for example, hospital, physician services, etc.)

**Note 3 - Provider Relief Funds and Other Stimulus Grants**

As of June 30, 2023, the Organization has received \$2,087,279 of Coronavirus Aid, Relief, and Economic Security (CARES) Act Provider Relief Funds administered by the Department of Health and Human Services (HHS). The funds are subject to terms and conditions imposed by HHS. Among the terms and conditions is a provision that payments will only be used to prevent, prepare for, and respond to coronavirus and shall reimburse the recipient only for healthcare-related expenses or lost revenues that are attributable to coronavirus. Recipients may not use the payments to reimburse expenses or losses that have been reimbursed from other sources or that other sources are obligated to reimburse. HHS currently has a deadline to incur eligible expenses through June 30, 2023 based on the date the Organization received the funds. Unspent funds will be expected to be repaid. During the year ended June 30, 2023 and 2022, the Organization repaid unspent funds of \$86,847 and \$230,970, respectively.

These funds are recorded as a refundable advance when received and are recognized as revenues in the accompanying statements of operations as all terms and conditions are considered met. The terms and conditions are subject to interpretation and future clarification. In addition, this program may be subject to oversight, monitoring and audit. Failure by a provider that received a payment from the Provider Relief Fund to comply with any term or condition can subject the provider to recoupment of some or all of the payment. As a result, there is at least a reasonable possibility that recorded estimates will change by a material amount in the near term.

As of June 30, 2023 and 2022, the Organization had a total refundable advance balance related to provider relief funds of \$0 and \$46,754, respectively, which was included in current liabilities on the accompanying balance sheets. During the years ended June 30, 2023 and 2022, the Organization recognized \$46,754 and \$82,330, respectively, as revenue, included as provider relief fund revenue on the statements of operations.

During the years ended June 30, 2023 and 2022, the Organization also received \$13,011 and \$117,705, respectively, from the South Dakota Department of Health and other sources. These funds are subject to terms and conditions imposed by the grantor. During the years ended June 30, 2023 and 2022, the Organization recognized \$13,011 and \$117,705, respectively, as revenue, included in other stimulus grant revenue on the statements of operations.

**Note 4 - Investments and Investment Income****Assets Limited as to Use**

The composition of assets limited as to use at June 30, 2023 and 2022, is set forth in the following table.

	<u>2023</u>	<u>2022</u>

Under indenture agreements Pooled Investment Fund *	<u>\$ 115,667</u>	<u>\$ 97,523</u>

The USDA Rural Economic Development loan agreement requires establishment of a reserve fund for the Organization. Funds are required to be accumulated in the reserve account until reaching a required total. The reserve fund may be used for repairs and improvements with approval of the lender. Management believes the Organization was in compliance with this requirement as of June 30, 2023.

#### \*Pooled Investment Fund

The Organization is a participant in the Avera Pooled Investment Fund, a fund administered by Avera Health that is maintained for the benefit of facilities that are sponsored, operated, or managed by Avera Health. Investments are made in conformity with the objectives and guidelines of the Avera Health Pooled Investment Committee. Within the fund, facilities share in a pool of investments that are managed by various fund managers. Asset valuation and income and losses of the fund are allocated to participating members based on the carrying amount of their investment in the fund.

As of June 30, 2023 and 2022, the Avera Pooled Investment Fund assets were comprised of the following types of investments:

**Note 6 - Leases**

The Organization leases certain equipment under non-cancelable long-term operating lease agreements, ending in 2028.

The weighted average discount rate is based on the discount rate implicit in the lease. If the implicit rate is not readily determinable from the lease, the Organization estimates an applicable incremental borrowing rate. The incremental borrowing rate is estimated using the Organization's applicable borrowing rates and the contractual lease term.

The Organization has elected the short-term lease exemption for all leases with a term of 12 months or less for both existing and ongoing operating leases to not recognize the asset and liability for these leases. Lease payments for short-term leases are recognized on a straight-line basis.

Total lease costs for the year ended June 30, 2023 was \$16,857.

Total lease expense under noncancelable leases was \$49,478 for the year ended June 30, 2022.

The following summarizes the weighted-average remaining lease term and weighted-average discount rate:

	<u>2023</u>
Weighted-average remaining lease term:

## Note 8 - Contingencies

### Malpractice Insurance

The Organization has malpractice insurance coverage to provide protection for professional liability losses on a claims-made basis subject to a limit of \$1 million per claim and an annual aggregate limit of \$3 million. The Organization is also insured under an excess umbrella liability claims-made policy with a limit of \$40 million. Should the claims-made policy not be renewed or replaced with equivalent insurance, claims based on occurrences during its term, but reported subsequently, would be uninsured.

### Litigation, Claim, and Assessments

The Organization is subject to the usual contingencies in the normal course of operations relating to the performance of its task under its various programs. In addition, the health care industry is subject to numerous laws and regulations of federal, state, and local governments. Compliance with these laws and regulations, specifically those relating to Medicare and Medicaid programs, can be subject to government review and interpretation, as well as regulatory actions unknown and unasserted at the time. Federal government activity with respect to investigations and allegations concerning possible violations by health care providers of regulations could result in the imposition of significant fines and penalties, as well as significant repayments of previous billed and collected revenues from patient services. Management believes that the Organization is in substantial compliance with current laws and regulations.

## Note 9 - Retirement Plan

As of January 1, 2016, the Organization sponsors a SIMPLE IRA retirement plan that covers all eligible employees with annual wages exceeding \$5,000. Contributions to the plan by the employer are based on 2% of compensation with annual limits determined by IRS regulations. Prior to January 1, 2016, the Organization had a defined contribution pension plan. The Organization had expenses related to the plan for the years ended June 30, 2023 and 2022 in the amounts of \$35,408 and \$31,649, respectively.

**Note 10 - Net Assets with Donor Restrictions**

Net assets with donor restrictions are restricted for the following purposes or periods at June 30, 2023 and 2022:

	<u>2023</u>	<u>2022</u>
Subject to expenditure for a specified purpose		
Capital project fund	\$ 121,351	\$ 114,473
Other various health care related programs and services	37,200	34,447
Perpetual time restrictions		
Funds to be held in perpetuity, income from which is to be used to support hospital operating and capital needs at the discretion of the board of directors	<u>7,717</u>	<u>7,717</u>
	<u>\$ 166,268</u>	<u>\$ 156,637</u>

**Note 11 - Endowments**

The Organization's endowments consist of a portion of their interest in the net assets of Avera Health Foundation. Avera Health Foundation includes endowment funds which have been established for a variety of purposes. As required by generally accepted accounting principles, net assets associated with endowment funds, including funds designated by the Board of Directors to function as endowments (if any), are classified and reported based on the existence or absence of donor-imposed restrictions. The Organization's endowment funds are donor restricted and totaled \$11,238 and \$10,530 at June 30, 2023 and 2022, respectively. The Organization currently does not have any board-designated endowment funds.

**Interpretation of Relevant Law**

The Organization has interpreted the Uniform Prudent Management of Institutional Funds Act (UPMIFA) as requiring the preservation of the fair value of the original gift as of the gift date of the donor-restricted endowment funds absent explicit donor stipulations to the contrary. As a result of this interpretation, the Organization retains in perpetuity (a) the original value of initial and subsequent gift amounts donated to the endowment, and (b) any accumulations to the endowment made in accordance with the direction of the applicable donor gift instrument at the time the accumulation is added. Donor restricted amounts not retained in perpetuity are subject to appropriation for expenditure in a manner consistent with the standard of prudence prescribed by UPMIFA. In accordance with UPMIFA, the Organization considers the following factors in making a determination to appropriate or accumulate donor-restricted endowment funds:

1. The duration and preservation of the fund
2. The purposes of the Organization and the donor-restricted endowment fund
3. General economic conditions
4. The possible effect of inflation and deflation
5. The expected total return from income and the appreciation of investments
6. Other resources of the Organization
7. The investment policies of the Organization.

At June 30, 2023 the Organization had the following endowment net asset composition by type of fund:

	<u>Without Donor Restrictions</u>	<u>With Donor Restrictions</u>	<u>Total</u>
Donor-restricted endowment funds			
Original donor-restricted gift amount and amounts required to be maintained in perpetuity by donors	\$ -	\$ 7,717	\$ 7,717
Accumulated investment gains	-	3,521	3,521
	<u>\$ -</u>	<u>\$ 11,238</u>	<u>\$ 11,238</u>

At June 30, 2022 the Organization had the following endowment net asset composition by type of fund:

	<u>Without Donor Restrictions</u>	<u>With Donor Restrictions</u>	<u>Total</u>
Donor-restricted endowment funds			
Original donor-restricted gift amount and amounts required to be maintained in perpetuity by donors	\$ -	\$ 7,717	\$ 7,717
Accumulated investment gains	-	2,813	2,813
	<u>\$ -</u>	<u>\$ 10,530</u>	<u>\$ 10,530</u>

### **Funds with Deficiencies**

From time to time, the fair value of assets associated with individual donor restricted endowment funds may fall below the level that the donor requires the Organization to retain as a fund of perpetual duration. In accordance with generally accepted accounting principles, deficiencies of this nature are reported in net assets with donor restrictions. There were no such deficiencies that were deemed material as of June 30, 2023 and 2022.

### **Return Objectives and Risk Parameters**

Through its affiliation with the Avera Health Foundation, the Organization has adopted investment and spending policies for endowment assets that attempt to provide a predictable stream of funding to programs supported by its endowment while seeking to maintain the purchasing power of the endowment assets. Endowment assets include those assets of donor-restricted funds that the Organization must hold in perpetuity or for a donor-specified period(s). Under these policies, as approved by the Board of Directors, the endowment assets are invested in a manner that is intended to produce results that meet the price and yield investment returns established by the Avera Pooled Investment Committee while assuming a moderate level of investment risk. The Organization expects its endowment funds with the Avera Health Foundation, over time, to provide an average rate of return of approximately 6%-8% annually. Actual returns in any given year may vary from this amount.

### **Strategies Employed for Achieving Objectives**

To satisfy its long-term rate-of-return objectives, the Organization relies on a total return strategy in which investment returns are achieved through both capital appreciation (realized and unrealized) and current yield (interest and dividends). The Organization targets a diversified asset allocation including equity securities, fixed-income securities, hedge funds, and private equity to achieve its long-term return objectives within prudent risk constraints.

### **Spending Policy and How the Investment Objectives Relate to Spending Policy**

The Avera Health Foundation Board of Directors determines the annual spending rate and distribution amounts based on a review of the average market value of the endowment fund over the most recent 20 quarters. Local governing boards review the spending rate and distribution information and determine if payouts that would invade the corpus would be fiscally responsible.
